

“

In the grounds of the Irenaeus Centre is a place to be.

We all need somewhere quiet to reflect, maybe to pray, and this space will be open to all at any time. There are benches to sit on and just be present to God and to yourself.

During November, and National Grief Awareness Week in December, it might be that you would like to bring a ribbon and tie it to the ivy on the wall in remembrance of those you love who have died recently or maybe long ago.

Please feel free to come and sit and be!

Chris Thomas
